

CAYMAN ISLANDS

Supplement No. 6 published with Extraordinary
Gazette No. 45 dated 8 June, 2016.

RULE CORPORATE GOVERNANCE FOR INSURERS

April 2016

Rule

Corporate Governance for Insurers

1 Statement of Objectives

- 1.1 To set out the Cayman Islands Monetary Authority's (the "Authority") rule on Corporate Governance for insurers (each of the sub-paragraphs of section 5 below referred to as a "Rule," and collectively, the "Rules"), pursuant to the Monetary Authority Law ("MAL"), section 8(2)(g) of the Insurance Law, 2010, and section 28(D)(h) of the Insurance (Amendment) Law, 2013.

2 Statutory Authority

- 2.1 Section 34 of the MAL provides that the Authority:

(1) After private sector consultation and with the approval of the Governor, the Authority may –

(a) issue or amend rules or statements of principle or guidance concerning the conduct of licensees and their officers and employees;

- 2.2 This document establishes the Rule on Corporate Governance for Insurers and should be read in conjunction with the Rule on Risk Management for Insurers, Rule on Internal Controls – Insurance and Statement of Guidance ("SOG") on Internal Controls.

3 Scope of Application

- 3.1 These Rules apply to all insurers regulated by the Authority under the Insurance Law ("insurer"). Certain Rules may only be relevant to the specific type of license category identified.
- 3.2 The established corporate governance framework of an insurer should be commensurate with the size, nature and complexity of its business.
- 3.3 Insurance Groups should ensure that the corporate governance framework is appropriate to the structure, business and risks of the insurance group. Where an insurer is part of a group, it may rely on the Group Corporate Governance framework provided that the insurer's Governing Body is satisfied, following a gap analysis between the Group framework and the Authority's Rules, that the framework is appropriate to the specific circumstances of the insurer, including the insurer's structure, business, risks and legal requirements in the Cayman Islands. The Group Corporate Governance framework must include policies, processes and controls that address risks across the insurance group. Where gaps are identified, a tailored corporate governance framework that complies with the legal requirements in the Cayman Islands is required.
